## Lightweight Weatherproofing

### **An Adaptable Tough Protectant from GEI Works**

Utility tarps offered by GEI Works are a rugged addition to many projects looking to protect valuable assets against environmental wear-and-tear, including harsh UV rays, rain, snow, and mildew. A variety of weights and colors are offered to meet the needs of your site or project. Durable, easy-to-manage tarps can be used to cover and contain materials that would otherwise deteriorate under poor environmental conditions. From post-storm temporary repairs to military projects and camping sites, all-purpose and heavy-duty tarps are available to protect, shade, and cover as needed.

#### \*What is UVI?

UVI is a measure of UV Radiation. The higher the UVI, the greater the potential damage to skin and to products that are frequently used outside. Additives for UVI, a feature of the Heavy-Duty Tarps offered by GEI Works allow for a longer outdoor lifespan of our heavy-duty tarps.
